A ONE WEEK WORKSHOP ON
“Arduino and Internet of Things”

The workshop conducted by ECT department on 23 to 28th March 2023 in

MGM's College Of Engineering ,Nanded

For IT Students

Report of Workshop on Arduino and Internet of Things:-

The Department of Electronics & Telecommunication Engineering, MGM's College Of Engineering, Nanded organized "Three days Workshop on "ARDUINO" during 23/03/2023 to 28/03/2023. Arduino is an open-source electronics platform based on easy-to-use hardware and software. Arduino boards are able to read inputs - light on a sensor, a finger on a button, or a Twitter message - and turn it into an output - activating a motor, turning on an LED, publishing something online. You can tell your board what to do by sending a set of instructions to the microcontroller on the board. To do so you use the Arduino programming language (based on Wiring), and the Arduino Software (IDE), based on Processing. The IOT is about to change it all over again!" Internet of Things is a new revolution of the Internet. A world where the real, digital and the virtual are converging to create smart environments that make 23/03/2023 to 28/03/2023 and many other areas more intelligent. The Workshop is more focused on **Giving Practical Knowledge** to Students. The faculty Incharge **Prof. D.J. Tuptewar** and student co-ordinators actively participated in the event to make it a grand success.

Detail Report of Workshop:

Title: Arduino and IOT

2 Days Hands-on Workshop on Android App Development

Department of Computer Science & Engineering in association with Computer Society of India Students' Branch organized the 2-days hands-on workshop on "Android App Development" on 17th and 18th May, 2023. The workshop was inaugurated in the presence of Dr. A. M. Rajurkar, Student's Branch Counsellor & HoD of CSE Dept., Mr. Rahulsingh G. Bisen, Workshop CSI ordinator & Asst. Prof, Dept. of CSE, all faculties of CSE department and our resource person.

Mr. Kiran Kumar Jadhav (Senior Research Engineer & Trainer, Techradiance & Harbour Technologies, Mumbai) was invited as a resource person for this workshop. He has excellent skills in Android app development, open source technologies, embedded systems and programming tools like C, C++ and Python. He has also completed many projects on Android, IoT Based Smart Car Parking System and Futuristic Humanoid Robots: Past, Present & Future.

A total of 50 students from second and third year of CSE department participated in the workshop. The main motive of this workshop was to provide students with a hands-on experience of Android app development.

The first day began with the introduction of Android. This session covered the history, strengths, weaknesses, and applications of Android development. Then the session continued with hands-on training using MIT app inventor. Participants learned how to build a simple application using MIT app inventor and also implemented their first project. The participants made a simple as well as a voice recognition based calculator as their first two projects on this day.

The second day began with a recap of day-1. Soon after the recap, for the first half, the students were divided into groups of 4-5 students in each. A competition was held within the groups and the winning criterion was to make a unique and working application using MIT app inventor. Many great projects were made by the participants like children's nursery application for fun learning, clone of Chatgpt, dating application, messenger application, step counter, flash light and much more and the winning team was to get a chance to attend the grand finale at IIT, Bombay and exhibit their project. In the second half, the participants were introduced with Android Studios along with various tools in it. They were also asked to make an application using Android Studios.

The event was organized by the CSI Students' Council under the guidance of respected Director, **Dr. Geeta S. Lathkar**, Student's Branch Counsellor & Head of the Computer Science and Engineering Department, **Dr. Archana Rajurkar** and CSI Co-ordinator **Mr. Rahulsingh G. Bisen**.
