What is CAS?

GROWTH

As you know growth is a positive urge of a human being and he has started accepting the changes in life, which lead him to personal growth.

Education

The cumulative effect is on our society. Due to the fast development in the information and technology, educational institutes are performing much better than recent past.

Technology

Now new education institutes are well equipped with advanced software to attract their prospects & due to additional facilities, students are also opting for admissions in such institutes.

- WORDPRO is a leading organization in the development of various software and has designed a totally integrated software for College Administrative activities.
- Nowadays, College Administration has become a more demanding job & management has to perform & execute the responsibility with the available resources.
- In such a situation, CAS can be of great help as CAS not only perform quickly but also maintain accuracy much faster than manual efforts.
- Any staff member who has preliminary knowledge of computers can operate CAS.

“There will be no more chasing for reports and information”

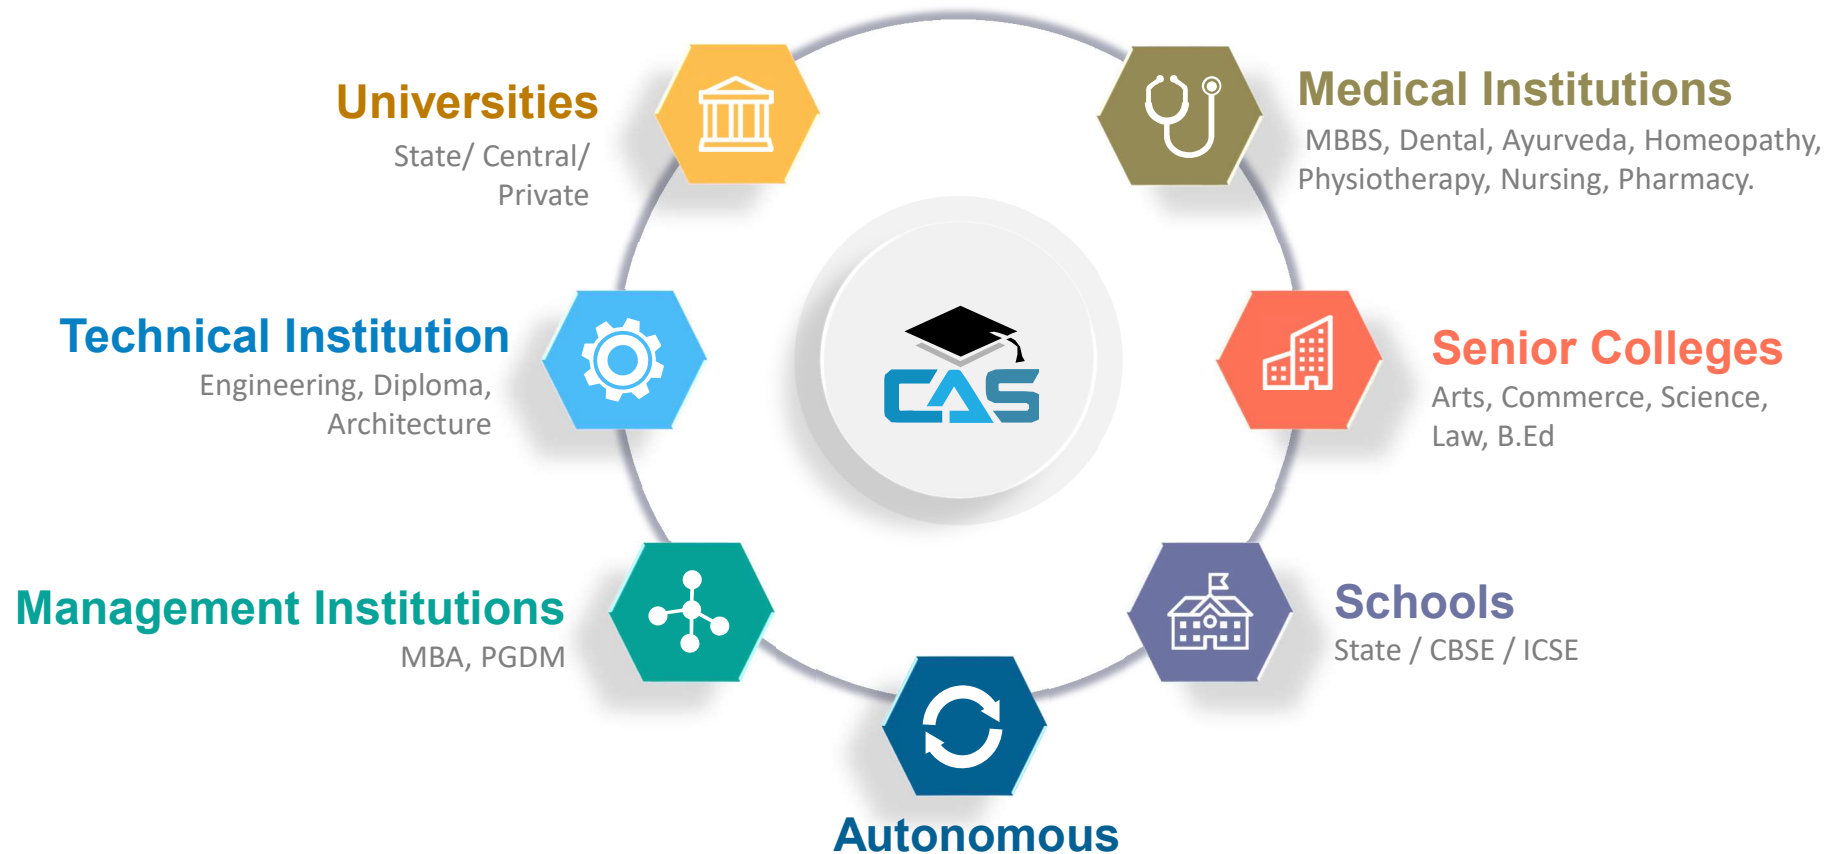

Key Features

- ✓ Integrated Information
- ✓ Enhanced and Efficient Technology
- ✓ Easy & Efficient real time Dynamic Reporting
- ✓ Reports convertible into PDF and excel files
- ✓ User Friendly Interfaces
- ✓ Cost Reduction
- ✓ Graphical Analysis of data
- ✓ Working Designation-wise user profiles
- ✓ Instant system generated SMS & Emails

- ✓ Job Reminder alerts
- ✓ Easy Data Accessibility over the web
- ✓ Better Communication amongst all departments
- ✓ Increased Security of data with Oracle as backend
- ✓ Budget Analyzer
- ✓ Better control of Assets
- ✓ Accuracy & Consistency
- ✓ Better Resource Management

Who can use CAS?

CAS Provides You

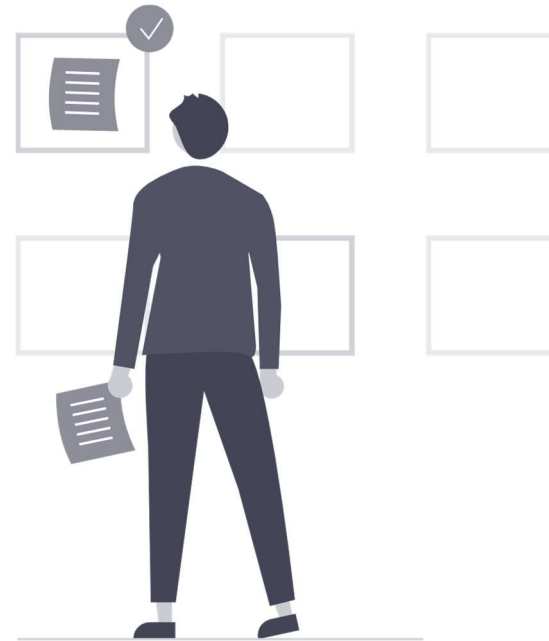

EDUCATION SPECIFIC PLATFORM

Major Properties of CAS

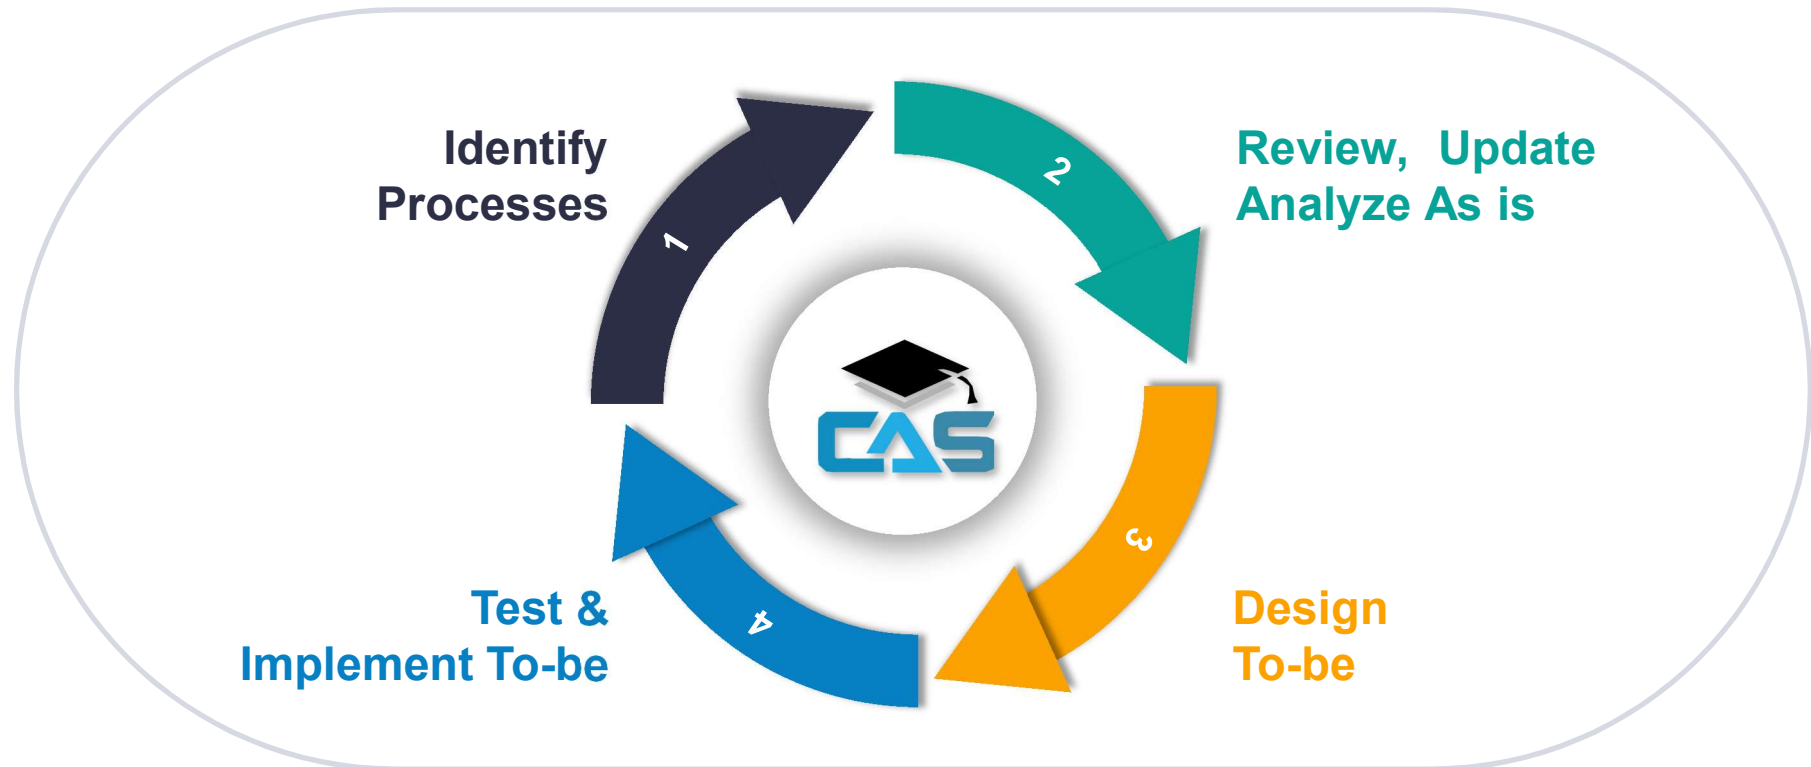

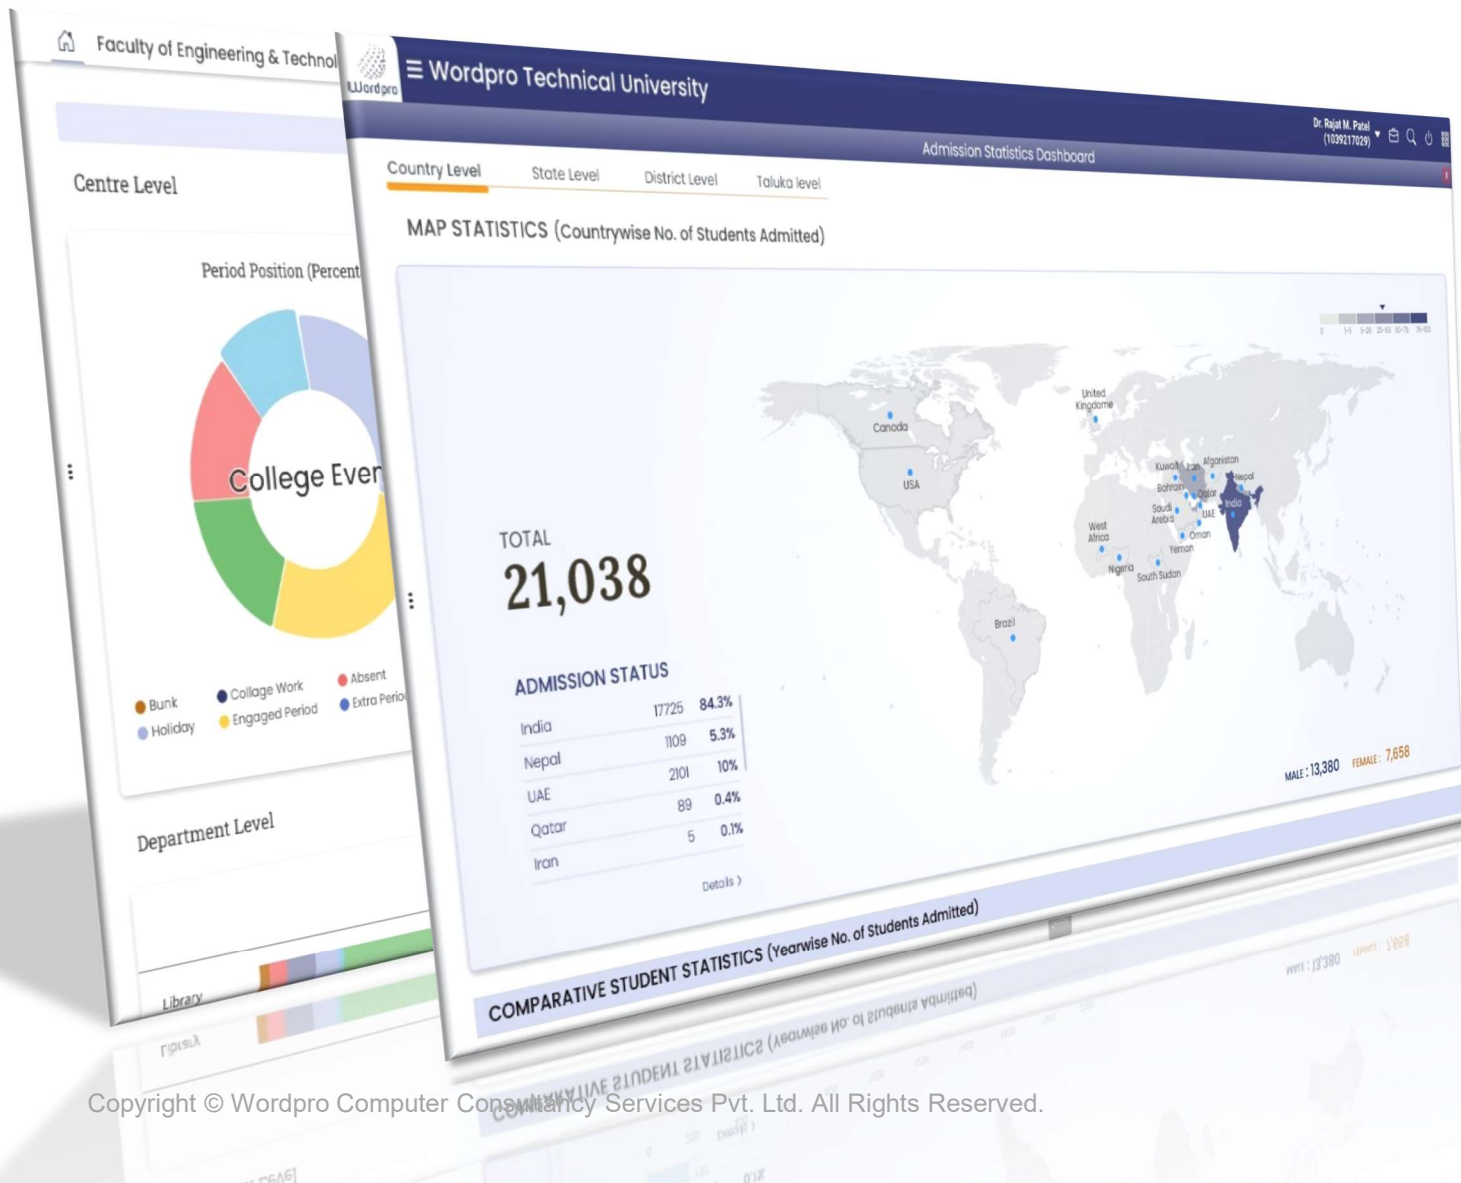

- ✓ Parameter Based
- ✓ Integrated Product
- ✓ Web Based
- ✓ Dynamic Report Designer
- ✓ Multi Institutional
- ✓ Role Based Architecture

Accountability Redefined

With more enhanced Structuring & Fine Tuned Normalizing of System

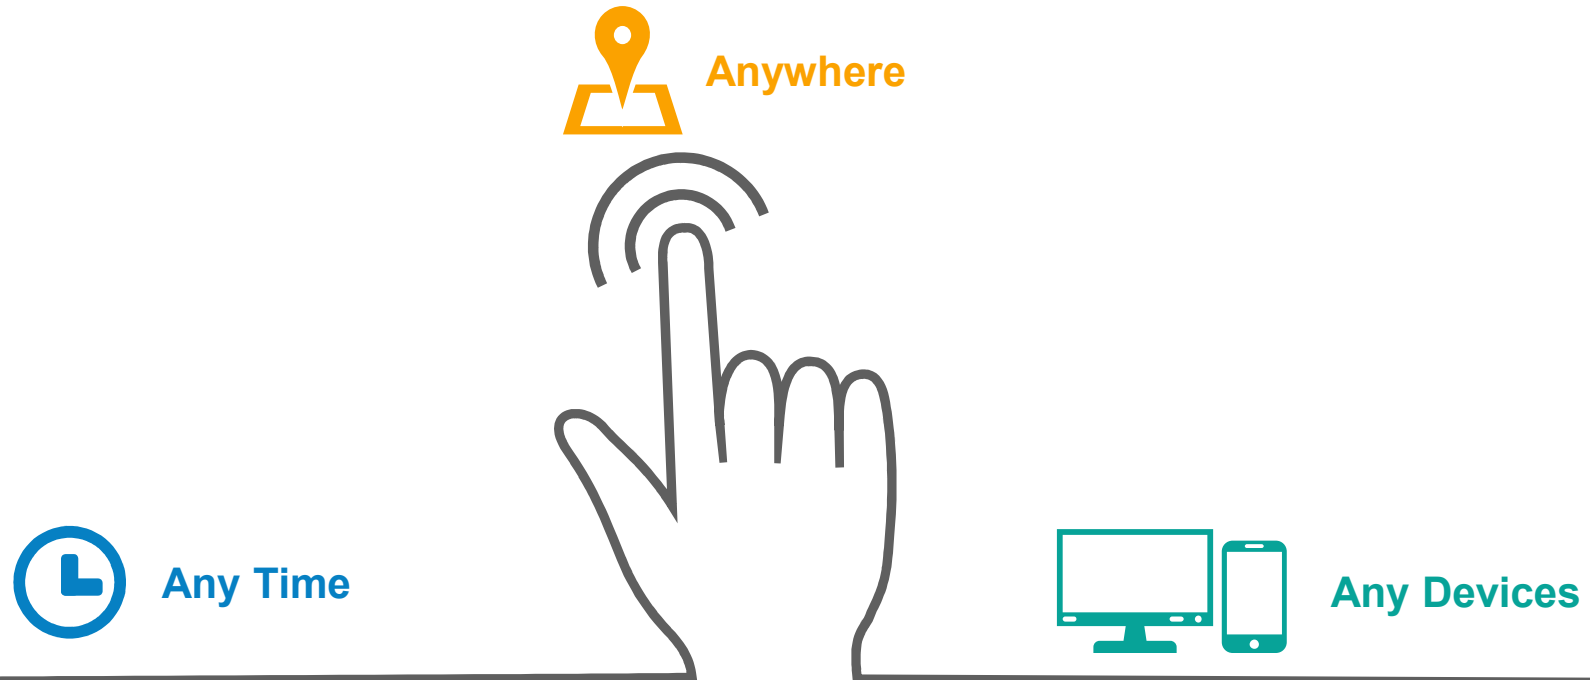

DYNAMIC DASHBOARDS

For effective analysis of any essential processes dynamic dashboards becomes an immense utility in decision making

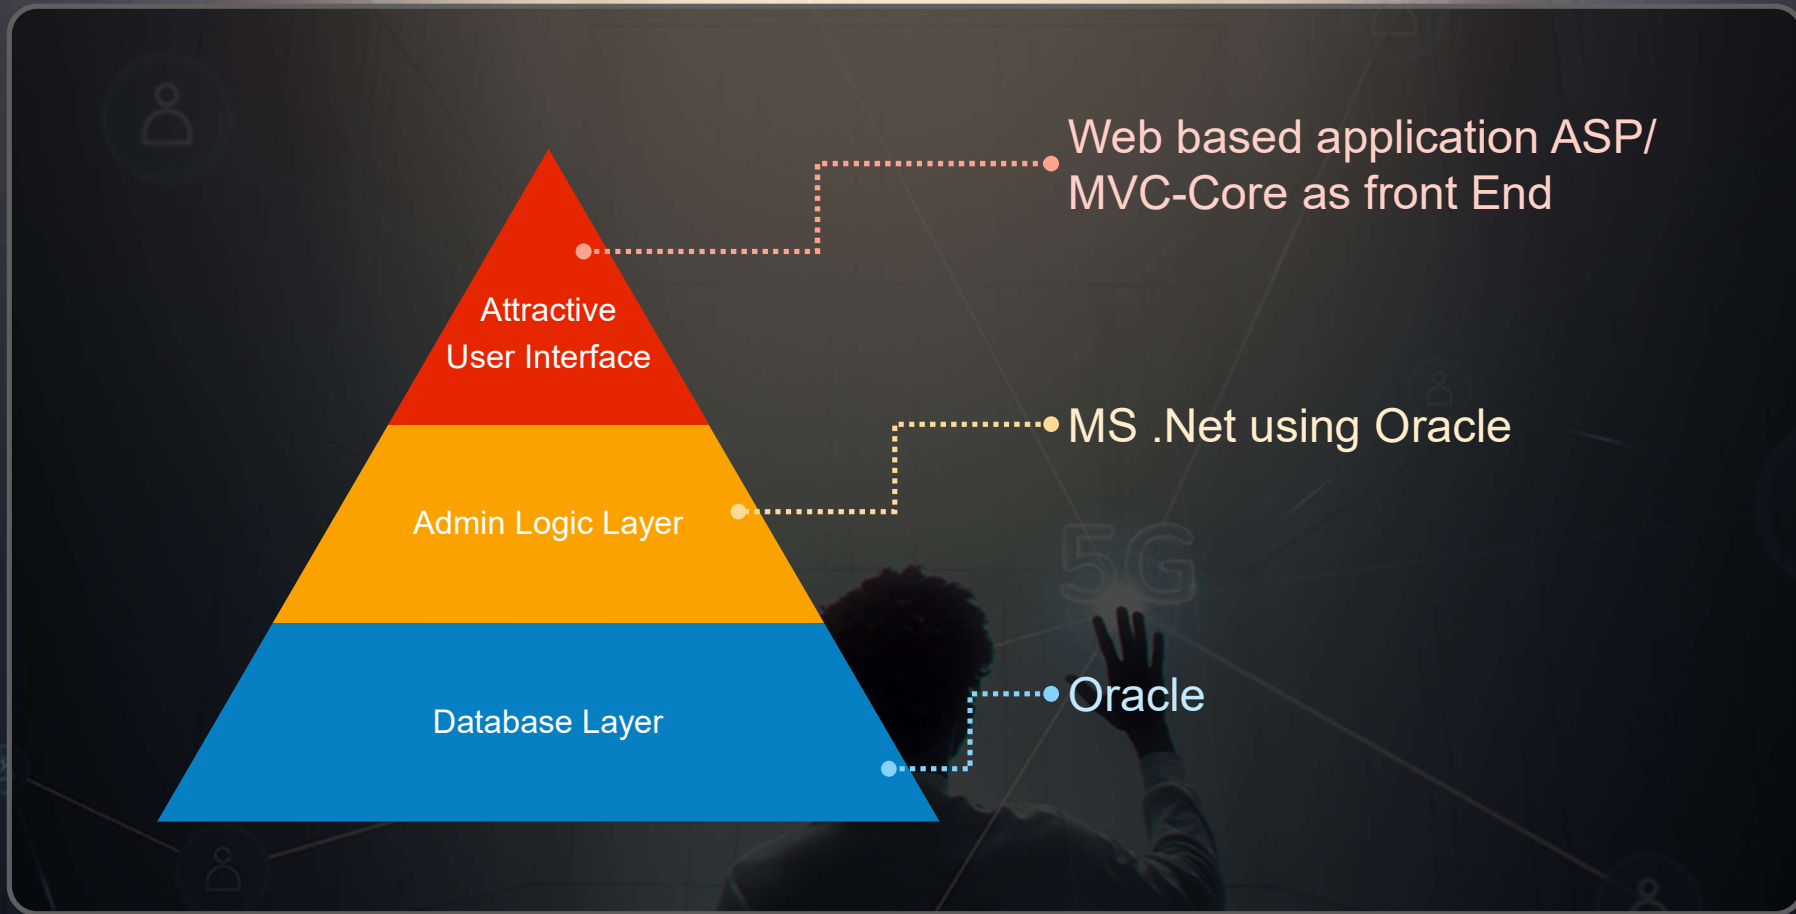

Easy Access

Being a complete web enabled system it can be accessed and be operated from any-part of the Globe. Making the process of Administration much more simpler and easier to use while operating from Home.

* Periods Not Conducted due to either of following reason :- Class Absenteeism/ Faculty Absenteeism/ College Work/ College Event/ Holiday
 Extra will not appear in Total periods since these period are taken beyond time table.

Academic Monitoring Sys.

- ✓ This system maintains an up to date record of the academic activities of the organization thus giving a boost to the institution's academic culture.
- ✓ It's a single liner abstract details describing the current teaching learning position of the Institutes syllabus.
- ✓ A very affective monitoring tool which drill downs from Macro level to Micro level such as from an Institute level to Department and its section level.
- ✓ It gives a detail picture of total syllabus topics / lesson planning done by faculties/ achievement against action plan/ Syllabus completion till date/ Total periods to be conducted/ Actual conducted and not conducted (with specifics for non-conduction).
- ✓ Very effective for Management having ERP at multiple institutions which shows them all institutes academic position at a single glance

Dr. Vishwanath Karad, MIT World Peace University, Pune.

Finance Monitoring Sys.

- ✓ It's a single liner KPI indicating the overall Fees outstanding Position of an institute at a glance.
- ✓ It's a real time report to monitor the current revenue positions of an Institute
- ✓ Described and detailed with various heads such as Total Fees receivable with bifurcations as Fees to be collected from Student and Government (Scholarships), Receipt position/ Concessions / Balances / Refund / Advance
- ✓ This report can be drilled down from macro level to micro level where from an Institute level one can drill to a Student's Personal Ledger.
- ✓ Very effective for Management having ERP at multiple institutions which shows them all institutes Fees position at a single glance

www.wordprosoft.in
ISO 9001:2015

Configuration

Organization Module

- ✓ It is the foundation block of the entire ERP.
- ✓ It is a structural module on which the complete administrative software has been built up with all the global parameters defined in it to understand the complete functioning of an institution comprehensively.
- ✓ It just acts as a hub between different modules to hold its integrity constraint.
- ✓ Enables you to introduce Departments / Cells/ sub department
- ✓ Facilitates defining the infrastructure building of the campus in the ERP such as Buildings, Wings, Floors, Rooms and its readiness.
- ✓ It is a policy driven module and helps in building up the institution within the ERP software.

www.wordprosoft.in
ISO 9001:2015

Campus Management

- ✓ It's a infrastructure management system of the ERP CAS
- ✓ It facilitates introducing the campus buildings along with its wings details/ Floors in every wings / Rooms at every floors / Amenities present at every rooms, etc.
- ✓ It allows to capture the built up space details and carpet area in sq mtr/ sqft
- ✓ It allows to introduce doors / lock-key details/ room networking details with IP address / PBX no. / Camera IP / other appliances/ assets mapped into a room.
- ✓ Dwells building layout plan report, Fixed asset management and register, Room Occupancy/ vacancy status

ADD-On Modules...

NBA & NAAC

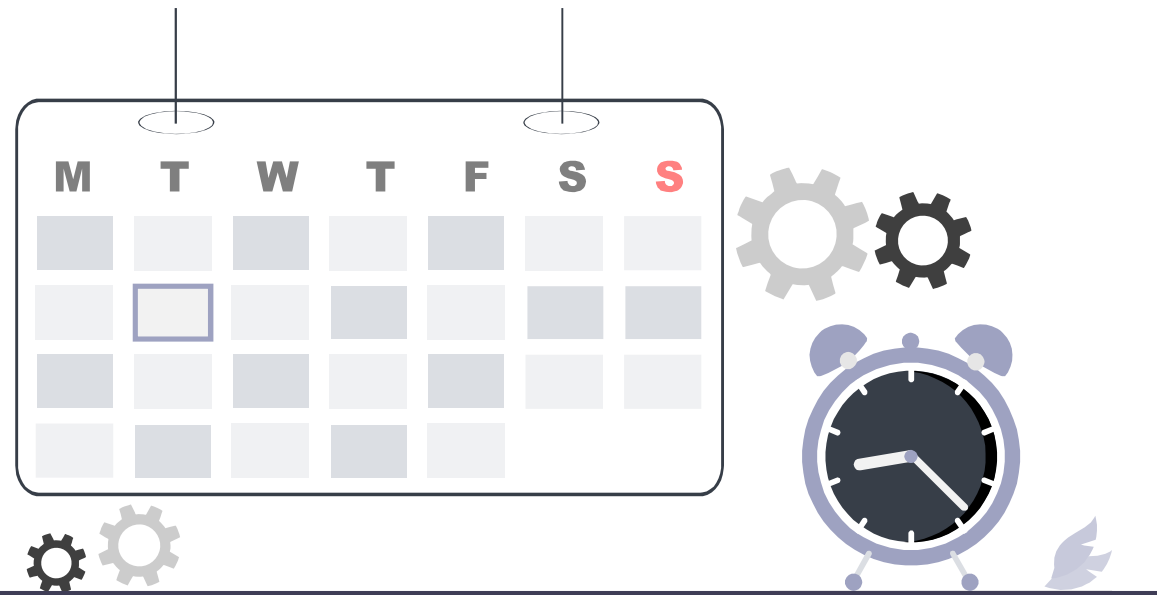

- The **NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)** conducts assessment and accreditation of Higher Educational Institutions (HEI), such as colleges, universities or other recognized institutions to derive an understanding of the 'Quality Status' of the institution.
- CAS's NBA and NAAC management system works in integration with all other requisite modules to formulate the criteria for NAAC and NBA and setup policies to get the desired reports readymade within the system whenever required.
- All reports such as AQAR, IIQA, IQAC, AISHE, SSR, SSS Part-A, Part-B, DVV, SGS, etc.

www.wordprosoft.in
ISO 9001:2015

Auto-Time Table

- ✓ A unique feature designed involving artificial intelligence to built time table automatically without much of human interference.
- ✓ Based upon the designed logic and input parameters system itself will take care of the work load balance of teachers and would accordingly design the time table for the course year.

Module Type :

Mobile Apps

Student Academic Schedule Handling Application

- ✓ Student Academic Schedule Handling Application
- ✓ A handy mobile application for all Students to operate their day to day activities related with ERP and view their self academic information on daily basis.
- ✓ This shall be the user interface of ERP for its end users through which Students can view all the notifications, can operate all functions as provided in the Student web portal.

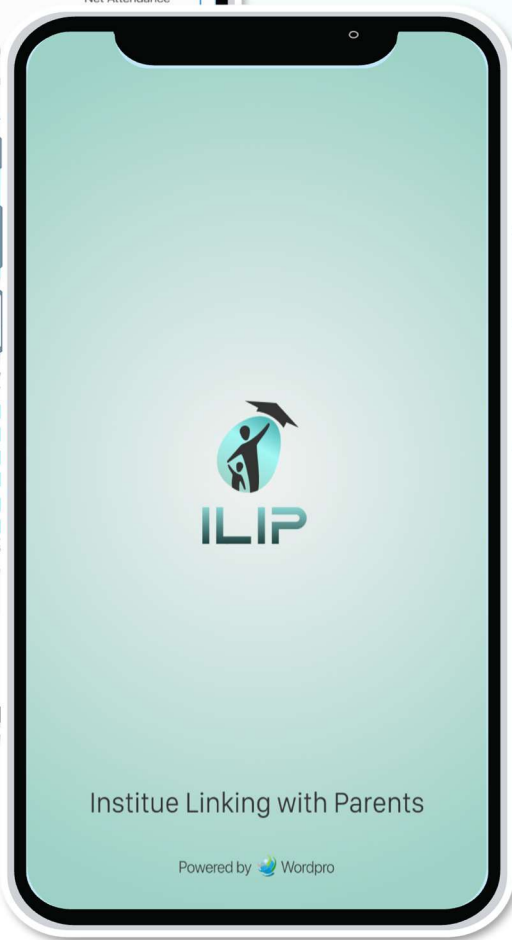

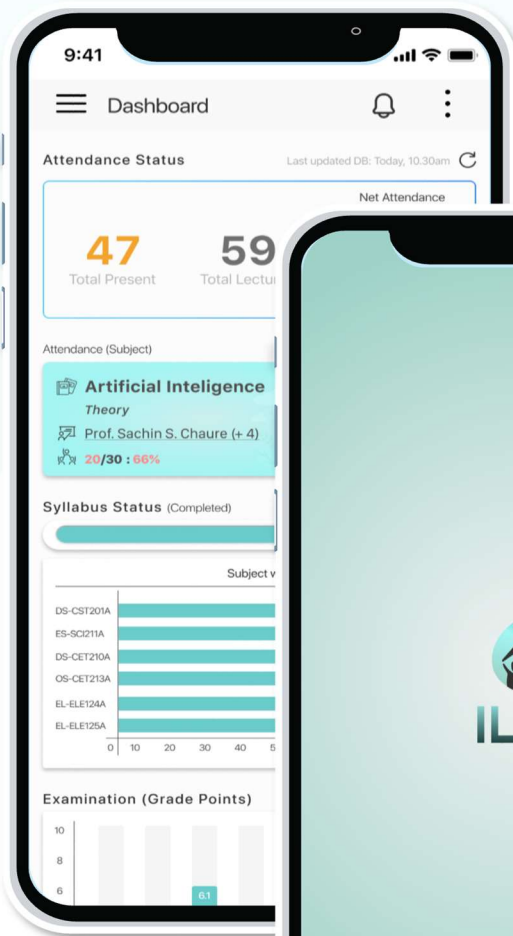

www.wordprosoft.in
ISO 9001:2015

ILIP

Institute Linking with Parents

- ✓ Institute Linking of Information with Parents
- ✓ A handy mobile application for all Parents of the students pursuing their education in the college to monitor and have a view over their ward's academic performances in the college.
- ✓ This shall be the user interface of ERP for its end users through which Parents can view all the notifications, can operate all functions as provided in the Parents web portal.

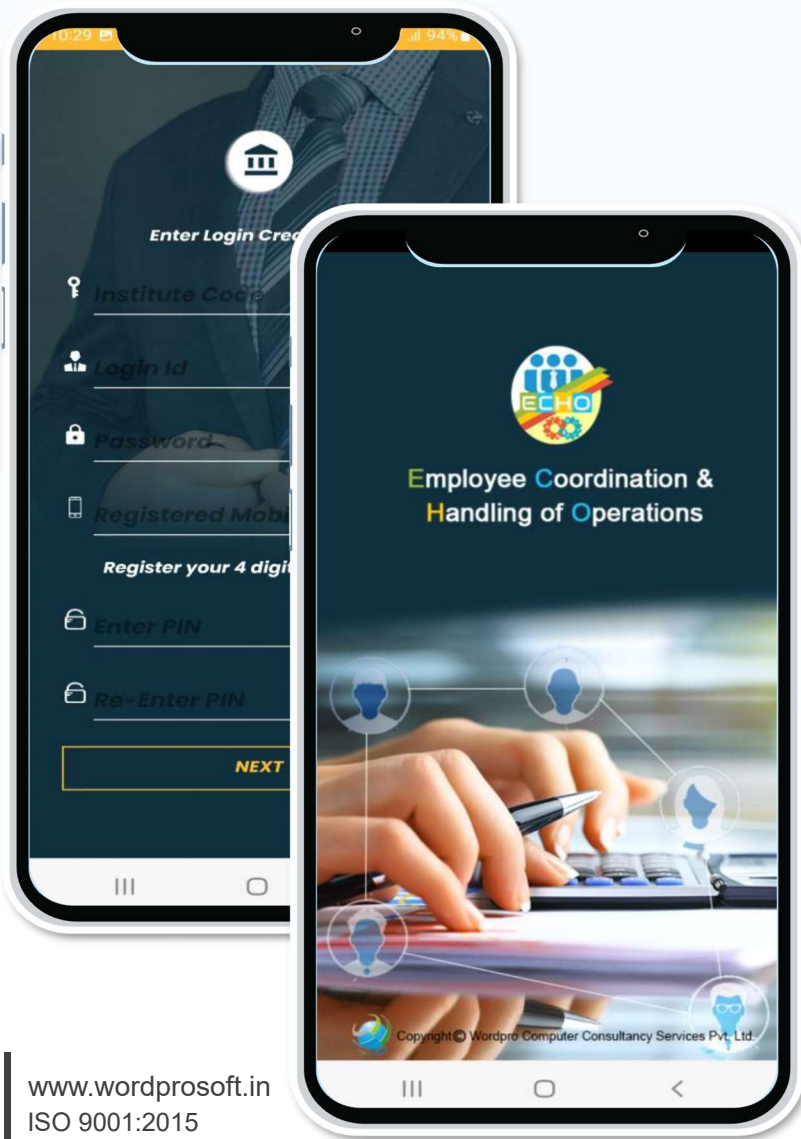

www.wordprosoft.in
ISO 9001:2015

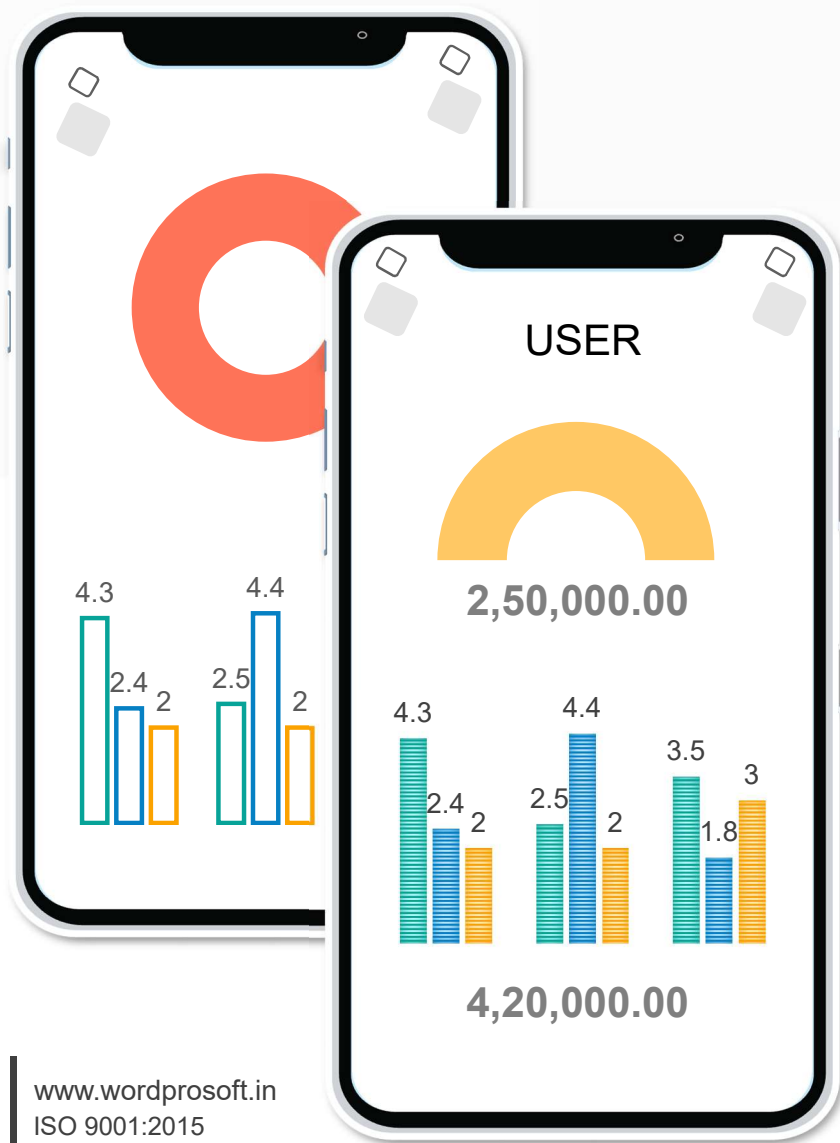

Mobile APP for Employees

- ✓ Employee Coordination & Handling of Operations
- ✓ A handy mobile application for all employees to operate their day to day activities related with ERP.
- ✓ This shall be the user interface of ERP for its end users through which employee can view all the notifications, can operate all functions as provided in the employee web portal.

www.wordprosoft.in
ISO 9001:2015

DOSIER

Mobile APP for Directors

- ✓ Director's Operational, Statistical and Institute's Academic Review
- ✓ A handy mobile application for all Directors to view and monitor all the Key performing entities of the organization such as Employees, Students, Asset details, Finance & revenue details, Employee Attendance, Academic position, etc.
- ✓ This shall be the user interface of ERP for its end users through which Directors can view all the notifications, can operate all functions as provided in the Director web portal.

System Requirements

HARDWARE

▪ SERVER

CPU : Xeon based, **RAM** : Above 64 GB,

SAS/HDD : above 1 TB,

(CDRW/Tape Drive Server to take up backups locally)

▪ CLIENTS

CPU : I3 & above with

RAM : 4 GB RAM,

HDD : 500 GB

SOFTWARE

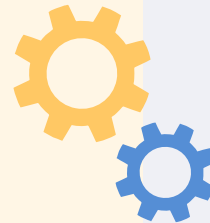

▪ SERVER

OS : MSW-2016/2019 Advance Server

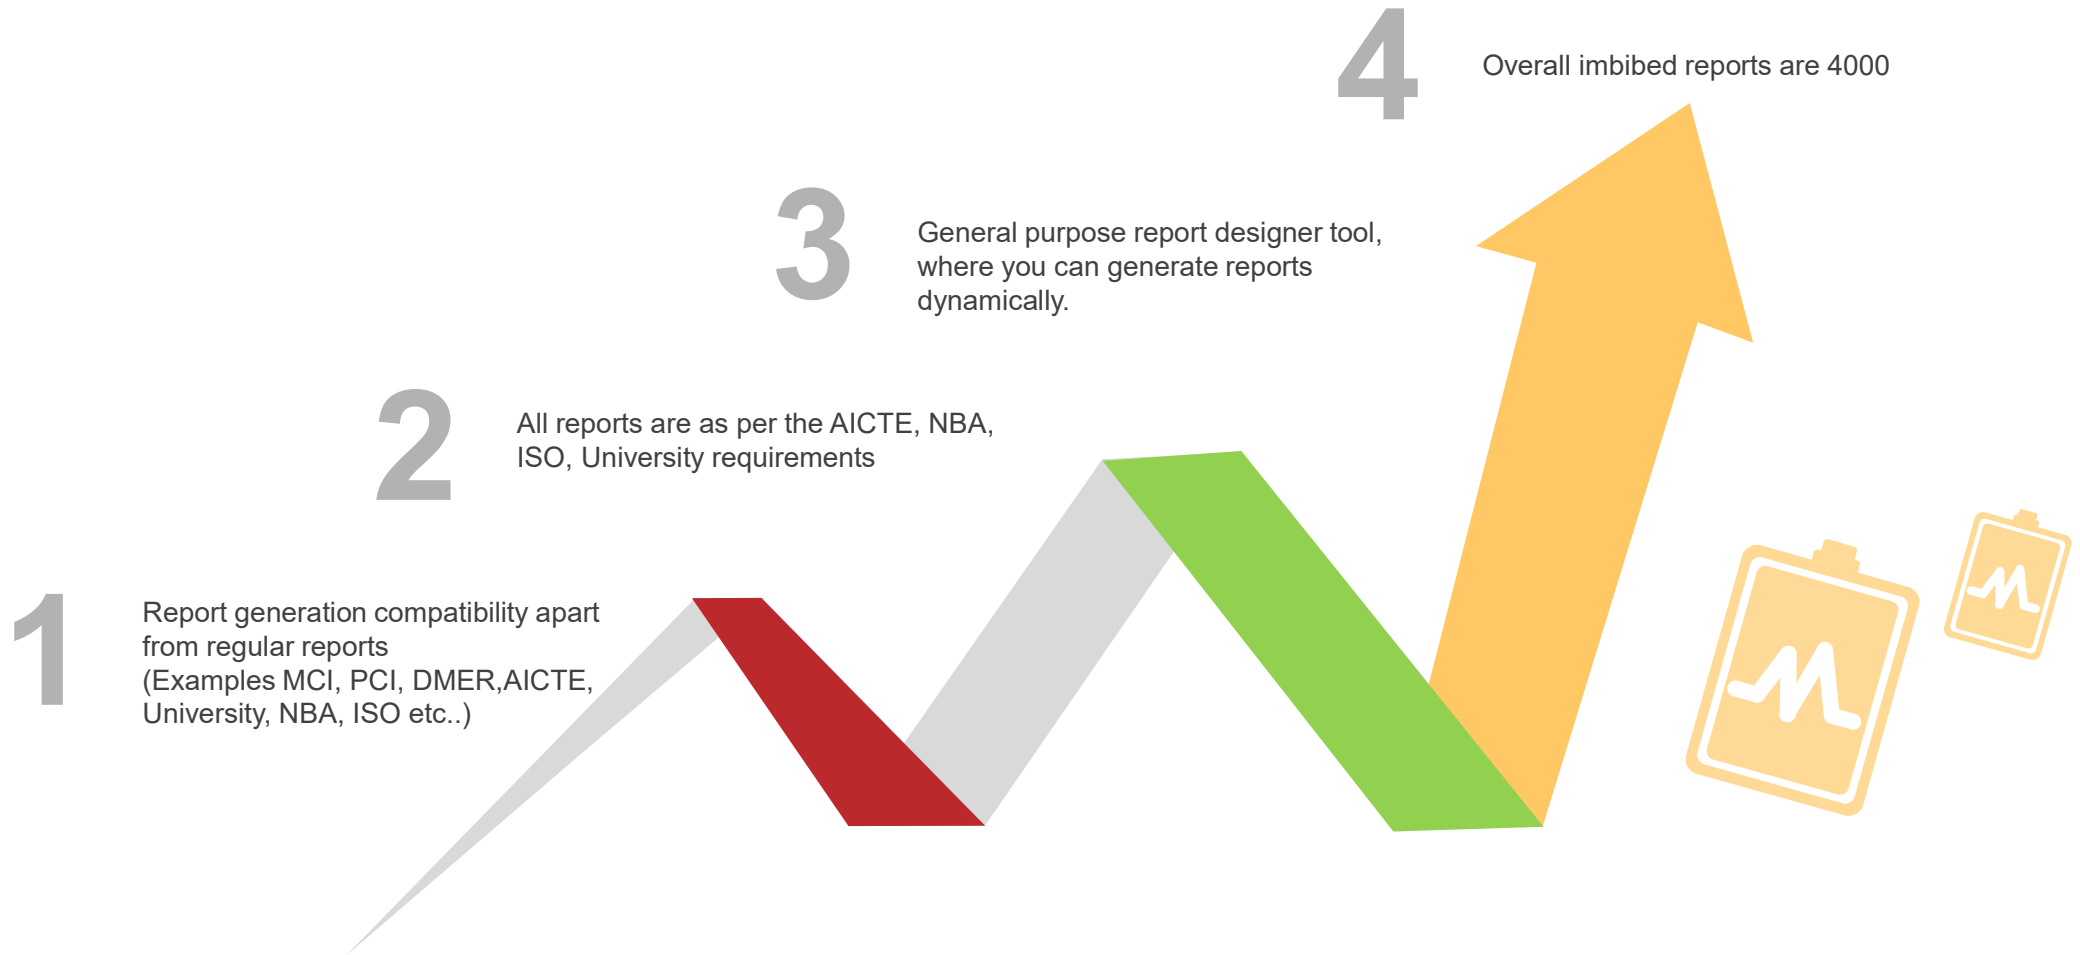

RDBMS : Oracle 19 c Server with requisite No. of licenses

▪ CLIENTS

OS : Windows OS/ MAC

REPORT GENERATION

COMPATIBILITY

Accessibility

Our portals can be accessed through smart phones having OS.as Android/Windows/ iOS.

Periodic SMS

Periodic SMS alerts can be fired automatically by the system as on daily, weekly, monthly etc.

Important Alerts

Email notifications or alerts to the Students, Parents, Employees & Directors.

Imp Notifications

SMS related to attendance, exam results, fees reminder, notices etc. to students, parents and employees.
